MILLIONS PROVIDED FOR GOOD ROADS

Governor Signs Sproul Bill—Carries \$3,000,000 for Main Highways of State—Bigelow Displaces Hunter—Road Department Reorganized—Many New, Fat-Salaried Places.

Governor Tener Wednesday evening signed the Sproul highway bill putting into operation a comprehensive scheme for the construction and maintenance of State roads throughout Pennsylvania.

When the Governor signed the Sproul highway bill he announced the appointment of Edward M. Bigelow, of Pittsburgh, as State Highway Commissioner, to take command of the reorganized Highway Department. It is expected that Joseph W. Hunter, of Jenkintown, the present Highway Commissioner, will be made a deputy under Commissioner Bigelow, a salary equal to that which he has received as head of the department.

Mr. Bigelow was Director of Public Works in Pittsburgh for many years, and established the system of parks and boulevards in that city. He has also directed the road-building operations in Allegheny county. He is a civil engineer of wide experience and recognized ability and a man of wealth and influence.

Mr. Bigelow has accepted the appointment. No appointment in the department is expected before next week.

The new law provides for the establishment of a system of main highways to be built and maintained by the State, and to be known as State roads. The work of building roads at the joint expense of the State, the county and the township is to be continued, and these are to be known as State aid roads.

As the bill finally passed the Legislature it specified that \$3,000,000 of highway, covering 1,500 miles of highway. The majority of these are at present township roads, and these will be turned over to the State under the provisions of the new act. Others are toll roads owned by private corporations, and they will be taken by condemnation proceedings as needed.

In addition to providing for a system of main highways and giving power to the State Highway Commissioner to construct them, the bill compels the reorganization of the State Highway Department. The State Highway Commissioner is appointed for four years at \$8,000 a year.

There are to be two deputies at \$6,000 a year each, auditor at \$3,000, chief engineer at \$7,000, engineer of bridges at \$2,000, 20 district superintendents at \$1,500 each, 15 civil engineers at \$2,400, one chief draftsman at \$2,400, four assistant draftsmen at \$1,800, chief clerk at \$2,400, four clerks and four stenographers at \$1,200 each, two bookkeepers at \$1,000 each, together with such other employees as may be needed in emergencies, who are to be paid \$1,000 a year.

It is understood that not all of the above appointments will be made at once. All road routes are to be taken over by June 1, 1912, except turnpikes and toll roads, which need not be taken until required. The Commissioner is authorized to purchase such roads, and where he cannot do so to have courts condemn them.

Much of the former road building act has been written into the new law, together with matters gained by the experience of the last seven years. The main highways are to be built at State expense out of the \$3,000,000 appropriation, and there is provision for continuing State aid to boroughs and townships which desire help in building roads on a basis of payment of one-half of the cost by the State. This is to be paid out of the \$3,000,000 appropriation. At present the State pays three-fourths of the cost of a road.

The 256 routes connect every important center of population in Pennsylvania and such places as Gettysburg, which is a point of national interest, and is reached by almost a dozen roads. The roads grildiron the State, running in such manner that several of them can be converted into cross-State highways.

Gift of ex-Mayor Scheinen, of Brooklyn, to Mt. Airy Institution.

The offer of \$50,000 for the founding of a professorship of the synod at the Lutheran Theological Seminary, Mount Airy, by Charles A. Scheinen, ex-Mayor of Brooklyn, New York, was formally announced on Wednesday in the report of the president, the Rev. S. G. Weiskotten, read before the annual convention of the Evangelical Synod of New York and New England in Christ Evangelical Lutheran church, Lafayette avenue, near Broadway, Brooklyn.

OGONTZ AND ASHBORNE

FORTUNE TELLER GOT FORTUNE.

Early on Thursday morning the Cheltenham police received a call from the home of Amos Birdall, of Sharpless avenue, Melrose, that the domestic help in the employ was walking about the lawn in a rather dejected state. A policeman was called to the scene and the girl taken to the Jewish hospital, but as she appeared to be demoralized they would not take her. She was finally taken to the home of a friend on German town avenue.

It is reported that the girl, who gave her name as Barbara Claire, had consulted a fortune teller in Philadelphia on Wednesday and that she had been either hypnotized or in some way placed under his influence. As among her belongings was a receipt for \$400 given the fortune teller for some gold mining stock. As this was about all of her savings, it is thought that this so proved upon her mind that she lost her reason.

Mr. and Mrs. Edwin Linson, of Ashbourne, are receiving congratulations on the arrival of a son.

The boy scouts of Ashbourne, spent Decoration day at the Shammy Falls, where they had a good time.

The annual meeting of the Cheltenham School Board will be held on Monday next at the high school.

Mr. and Mrs. F. M. Acton and sons, Kenneth and Donald, spent Saturday and Sunday at Pennsauken, N. J.

The package party held at the fire house on Friday and Saturday evenings, covering 1,500 miles of highway.

A small fire on the dump back of the high school building called out the Cheltenham Fire Company on Saturday night.

The base ball club of Cheltenham high school defeated the Wensham club on Wednesday night, 7 to 0.

The active members of the Old York Road Fire Company attended a body of the funeral of Jesse Mack at the home of his father in Philadelphia, on Saturday night.

Mr. and Mrs. Marshall P. Sullivan and children and Mrs. Charles Cull and daughter, Margaret, and Miss Sara Atkinson and son, Hammond, spent from Saturday until Tuesday at Seaside Park, N. J., where they went in automobiles.

J. C. Perry's horse ran from near Cheltenham to Mr. Perry's barn at Elkins Park on Tuesday. The horse had slipped his collar and was found for home, where going under the sheds he caught the wheel of the carriage, smashing it.

Annie O'Donnell, domestic in the employ of Mrs. Bower, of Park avenue, died of a heart attack, as reported in this week's issue, on page five, was buried from a friend's in Philadelphia. It was with considerable difficulty that Chief Lindsay of Cheltenham police, was able to locate any relative or friends of hers.

A pair of horses hitched to an ice wagon, of the Cheltenham and Jenkintown Ice Company, ran from in front of Haney's grocery store on Melrose on Decoration day. They went along Valley road to Coventry avenue, where they struck the drinking fountain in front of the lives' tube works, smashing one of the wheels of the ice wagon and so badly injuring one of the horses that it looks as if it would have to be killed. No one was hurt and the wagon was not damaged.

The graduating exercises of Cheltenham high school will be held on Friday, June 16, at 12 o'clock. The guests of the school will be the following: Helen Siffer, valedictorian; Roy Butterworth, salutatorian; Arthur Schermer, honor; Mary Grager, second honors; Doris Mayo, Ruth Williams, Edward Salter, Margaret Retzger, first honors; Mary Wallace, Rosine Wallace, Mary Lowry, Margaret Turner, Remington, Marian Eckart, Robert Morrow.

Cheltenham high school won the honors at the Perkiomen meet at Pottsville on Decoration day.

The affair was the first annual intercollegiate track and field meet. About fifteen schools competed. Cheltenham won 27 points which was more than double the nearest score. Thorns, of the home team, won the greatest number of points for individual honors, taking four firsts with a total of 22 points. The high jump was won by Hubbard, of Cheltenham; one mile open by Stull, of Cheltenham; 100 yard dash by Thorns; 440 yard dash also by Thorns; broad jump by Hubbard; pole vault by Thorns; and the 220 yard dash by Thorns.

FARMHALL FOUND DEAD BY WALL

William Rhinehart, Killed Children Good-by Saying They Would Never See Him Again—Took Poison It Is Believed.

William Rhinehart, 46 years old, a farmer, employed on Owen Wister's country estate, Butler Place, York road, near Olney avenue, Branchtown, was found dead back of a stone wall at Church lane and Limekiln pike, Pittsville, early Wednesday by Edward Rath, of 1528 Champlott avenue.

The body was sent to the Jewish hospital, where it was said the man had been dead for several hours. It is thought that Rhinehart had carried out his repeated threat to end his life. The method he took to do so is not known, as there were no marks upon his body and no receptacle in which poison could be carried was found in the vicinity of the place he died.

Rhinehart's home was at New York and York roads. According to the report he had been drinking lately and on Tuesday night he bade his wife goodby and kissed his two children, who were with him, and then he disappeared. He came from Chester three months ago.

Edmund Walton, aged 79 years, died at his residence, 813 Cornithian avenue, Philadelphia, on 6th month, 1st. His funeral was held at the home of his son on Seventh, 3rd inst.

WILLOW GROVE NEWS.

WILLOW GROVE PARK.

Ohlmyer's California Band which opened the music season in the Park last Saturday has proved popular with Willow Grove audiences. The leader is generous with his encores and pleases the crowds with his selections.

He has been among them, among them, a celebrated master of the flute horn. He is one of the few musicians who has made the flute horn his specialty, and he is reputed to be peer of them all. He was brought to the United States from Vienna by the late Fritz Bockel, for years the director of the Philadelphia Orchestra. After several seasons at the Philadelphia Orchestra, he came to Willow Grove, where he has been associated with the Ohlmyer Band for the last six seasons.

The vocal soloist, Miss Lyons, is a pleasing soprano. James Seibold is especially fine with the piccolo. Henry Mayer has brought the xylophone to the front as a musical instrument that brings out the prettiest melodies.

A BRAVE WATCHMAN.

Samuel Spies, crossing watchman at the Philadelphia and Reading railroad, was the York pike, saved a woman from being run over by the eight o'clock express train, last Monday night. He practically pulled the lady from under the engine and narrowly escaped losing his own life by his brave deed. This makes the second person that this dutiful watchman has pulled from in front of rapidly moving trains in two weeks.

Mrs. Stokes Weaver and children spent Saturday in Hathoro with her mother, Mrs. Kots.

Mrs. John Pfaff and daughter, Mildred, are spending the summer at the home of Postmaster Triebel and wife.

J. Dyre Moyer and wife and son, Donald, spent Sunday evening with Rev. and Mrs. W. W. Sweet, at Langhorne.

The real estate of the late George W. Scattergood, on Cherry avenue, will be sold at public sale on Saturday, June 24th.

Miss Miller entertained at the home of her parents, Mr. and Mrs. George Miller, on Saturday afternoon, a large number of her friends on Decoration day.

Joely left the home of Evan Kimble on Decoration day when thirty friends of Miss Lottie Kimble were taken by a four-horse bus to Mr. Kimble's Bucks county farm at Dark Hollow. All had a good time.

John Crawford received a letter from Joseph Hecker this week, who is on a tour of the contents relate to a burial of one of the passengers in mid-ocean.

William P. Goentner, wife and daughter, of New York, visited with their parents, J. B. Goentner and wife, on Sunday. Mrs. Goentner and little family are just returning from a week's visit to Richmond, Va., and Harrisburg, Pa.

The shooting gallery at Ehrenpfors was broken into on Tuesday night, and a valuable rifle taken. Later on Wednesday an employee of the toll road was seen to bring under a bush and it turned out to be the stolen firearm. Just why it was deposited there no one seems to know.

JENKINTOWN

Henry F. Porter visited Lansdale friends on Wednesday.

Herbert Foster returned from a trip to New York on Saturday.

Mrs. William Kephart is suffering with a sore finger, being cut with a sickle.

C. D. Musser is spending a few days with his parents, W. H. Musser and wife, of Bellefonte, Pa.

Mrs. Harry R. Rorer, Mrs. David Bates and daughter, Miss Ada, visited Cheltenham last Saturday.

Mrs. Penny is spending a few weeks with city friends and then will spend the summer with relatives in England.

Dr. Jamison arrived home from the hospital on Saturday, where he had been on duty for several days.

There is every hope for an early recovery.

Thomas Buckman, of Ambler, was a visitor here on Tuesday. He is manager of the five acre farm of H. A. McClellens. They have put thirty-five car loads of manure on it, have on the place of corn and twenty-five acres of oats. They are putting up a large new stable with thirty stalls, and repairing all the buildings.

The Farther Lights of the Jenkintown Baptist church will have charge of the program for the missionary service on Wednesday evening, 7th inst. Arrangements are being made for a delightful evening, with an interesting speaker. The Women's Mission Circles meet in the chapel in the afternoon at three o'clock. Super should the weather permit. A large attendance is earnestly hoped for.

THE DRAINAGE QUESTION

Cheltenham Township Commissioners Consider Construction of Sewers—Cesspools Only Temporary Relief.

Last fall property owners throughout the whole of Cheltenham township were greatly annoyed by having notices served upon them by the State Board of Health, that they were in some direct or indirect way polluting the streams of the township.

This came as a great surprise to many who did not live near a creek and they could scarcely see how they in any way were polluting a stream. As these persons are using underground drains that empty close to creeks and it was in this way that the State Board accused them of contaminating the stream.

The remedy suggested by the State Board of Health was the digging of cesspools by each property owner. Every one who is acquainted with the cesspool proposition knows that it would be only a very short time when the cesspools in the built-up sections of the township would become a nuisance and jeopardize the health of the whole community.

The expense of cesspools is considerable but this would not be so bad if they were of lasting duration. There are a number of residents of our township where three or four cesspools have been dug and they overflow at low water. In one year, making it most annoying to the owners of the property as well as the neighbors.

Now the Township Commissioners have been approached by many of the property owners asking for some relief in this matter, and that they have asked the State Board of Health to withhold the sending of any further notices and not to prosecute until they, the Commissioners, could look up some means of sewage that would be effective and yet not too expensive, since the Commissioners are now doing.

ABINGTON TO CHELTENHAM

Residents Near Jenkintown Station Ask Court to Change Township Boundary Lines.

A short session of miscellaneous court was held in Court Room No. 1 at Abington Thursday afternoon before Judge W. W. Weand.

Testimony was heard on the petition of ninety-nine residents of Beechwood Heights, Abington, close to Jenkintown station, for the annexation of a portion of that township to Cheltenham township.

Spencer R. Naylor stated that 99 out of 112 residents living in the district of the real estate in the petition, assessed at \$100,000, excluding the real estate belonging to W. T. B. Roberts, who also signed the petition. Signers representing \$87,500 of the value signed the petition. This part in question is separated from the rest of Abington by a railroad. To get to Abington it is necessary to go through Cheltenham and cross the railroad. The nearest public school of the village is in Cheltenham.

Samuel H. Reed represented the petitioners.

The court reserved its decision.

ABINGTON

The Kensington Driving Club held a very successful opening of the season on Decoration day. They left their track at Holmesburg. They will hold their next race on the Fourth of July.

LONG SENTENCE FOR THIEF

Man Who Robbed Coney Residence Near Bethayres, Pleads Guilty.

George Taylor pleaded guilty at Norristown on Friday morning and was sentenced to two and a half to ten years' imprisonment.

Taylor broke into the country home of George S. Coyne, on the Second street pike, below Bethayres, in the latter part of April. The theft was reported to the Abington police and Taylor was arrested in a few days. At the time of his arrest he had fifty or more pawn tickets in his possession and showed that he had been implicated in more thefts in other sections. He is regarded as a professional burglar, although the articles taken from the Coyne residence were inexpensive and most of them gotten back. The above heavy sentence was imposed on account of the character of the man. Chief Lever, of the Abington police, did good work in tracing out Taylor's bad record, and finding himself cornered the defendant decided to plead guilty.

BUCKS COUNTY KICKS ON COST OF ARRESTING R. R. TRAMPS

Running illegal car riders into the Bucks county prison at the county's expense for commitments and justice's fees will come to a stop. The county commissioners reached that conclusion, Wednesday, when they decided that hereafter they will not pay any more costs, although the prisoners cannot be refused at the county jail if the railroads want to pay the criminal costs mentioned.

Bucks county has been the dumping ground for these trespassers on the railroad for several years in which hundreds have been arrested and imprisoned. Railroad officers being unable to collect the costs they usually pay the county, had a considerable associated with them and the county footed the bill for officer and justice.

Montgomery and some other counties put their official feet down on it, and so the trespassers were carried through these counties, but not arrested and arrested in Bucks. Most of the offenders were arrested on the Cutoff and Reading roads.

From time to time bunches of twelve or more of these trespassers are brought to Doylestown, and at the time the high water mark at the county prison was reached because of the great number of such trespassers. Nearly 30 were brought in at one time and the hearing was held in the freight house.

RICHBORO

Schools of the township closed this week.

Public graves in the local burying ground were remembered on Tuesday. Richboro folks will have an opportunity to attend services at 7 o'clock night and one next Saturday night. The children of the Sunday schools are preparing for Children's day exercises.

The regular meeting of the Richboro W. C. T. U. was held at the home of Mrs. Nettie Gill on Saturday afternoon.

The funeral of Miss Annie Montanya was held on Saturday last. The services were conducted by the pastor, Rev. H. R. Furbeck. Interment was made in Richboro cemetery. She died on Thursday, June 1st, at her home. She had been a delicate health for many years with lung trouble, but was not seriously sick, and passed away peacefully.

Miss Montanya was the daughter of Thomas Montanya, who died many years ago, and was the mother of the late Miss Montanya, who was the wife of Walter E. Scott and moved to Richboro, where she has resided for the past twenty-one years. She was a faithful member of the Richboro Reformed church for over forty years, treasurer of the Ladies' Aid Society for many years, one of the charter members of the Richboro W. C. T. U.

A Steeplejack's Story

He Became Convinced That His Wife Was a Remarkable Woman

By F. A. MITCHELL
Copyright by American Press Association 1911

I am a steeplejack. Now, I'll admit that a steeplejack is a very unique individual. We have "doctor, lawyer, merchant, chief," at libitum, but how many steeplejacks? Probably not one in a million citizens.

"And I am aware that while a steeplejack is very attractive to a crowd he is a constant source of worry to his own family, who don't know when his mangled body may be brought to his home on a stretcher or in a wagon. If his wife sees him at the work by which he earns their daily bread she must be one of a crowd watching him, one half dreading that he will fall and the other half fearing he won't."

"I NEVER INTENDED TO CLIMB IT."

fall. Taking him altogether, a steeplejack is not a desirable member of a family.

That was the reason why Mr. Davis, when I asked him for his daughter, Molly, turned, faced me squarely and said impressively:

"Yes, you may have Molly when you will marry you, each one of you swinging from an arm of the gilt cross on the top of St. Thomas' church."

"You mean by that, I suppose, Mr. Davis," I replied, "that I can't have Molly at all because I am a steeplejack. Do you deny, sir, that a steeplejack has a heart the same as any man?"

"I'm not interested in steeplejack's hearts. I don't propose that my daughter shall marry a man out of my class who can never get more than a bare living except by insuring his life."

"I'm!" I replied to this thoughtfully. "Not a bad scheme. Now, suppose—"

"You get out of here. I have something else to attend to this listening to airy schemes for my daughter's betterment. Good morning, sir."

Being thus cruelly choked off, I left him crestfallen. I thought it very hard that he wouldn't even permit me to propose my plan, though I'll admit that the only way to make it a success was to die. I went to Molly and told her what had occurred between her father and me. I was very lugubrious about it and expected a lot of sympathy. What did she do but burst out laughing. This made me more disconsolate than ever, whereupon she threw her arms about my neck, exclaiming:

"Stupid, get that wretched look off your face."

"That reminds me," I replied, "of"

when I was a kid. When my mother used her slipper on me she would say after she had fished. "Now be good and look pleasant."

Molly laughed again. "Seriously," she said, "did father say you could have me when I was willing to marry you swinging from the cross of St. Thomas?"

"Yes, he did."

"Then that's the way we must be married. Grandma left me \$25,000, but I'm not to have it without father's consent when I marry. Were there any witnesses present when he said this?"

"There was some one in the next room, but I don't know who."

"I'll find out. I've got to become a steeplejack like you. That is to say, I've got to learn to climb steeples. I must get such control of myself that I can go up to the cross of St. Thomas' and hang there long enough to be married."

"Nonsense!" I exclaimed. "No nonsense about it if I'm to marry you. I know father will enough to be sure that if he says a thing he'll stick to it. He has said, or implied, that he will only give his consent to our marriage under certain conditions, which meant for a refusal. But in law, if the conditions are fulfilled, his consent has been given."

"How do you know that?"

"I don't, but I can ask a lawyer, can't I?"

"That, good gracious, you can't learn to climb steeples. One must be born with a head for that; they say a steeplejack has absolutely perfect eyes."

"Well, can't you hoist me up there at the end of a rope with a bag over my eyes?"

"I thought for some time before answering this question. At last I said, 'I don't know but I might.'"

"Come in tomorrow. Meanwhile I'll find out if we have a witness to father's conditional consent."

"But I've been dismissed."

"That does not matter. Father knows that I do as I please. He is aware that his only hold on me is that his consent to my marriage is necessary to my getting my legacy. And his pretty sure I won't give up \$25,000 for a steeplejack, and a very simple one at that."

Her last words cut me to the heart, but she put her arms around my neck and gave me a hug, which made me feel better. I left her feeling that she had a more level head on her shoulders than I. Even if she couldn't climb steeples as I could. The next day I went to see her, and she said she had discovered who was in the other room when her father had been talking to me—a clatter who had brought him an estimate for some work. She had found the man and asked him if he could repeat what was said. He gave the matrimonial condition word for word. Molly took it down in writing, and he signed it. Molly is a mighty practical girl and a very energetic one.

"There," she said, concluding her account of what she had done, "we're not father just where we want him. 'It seems to me,' I replied, 'that that's not just where we don't want to be.'"

She laughed, and because I wouldn't laugh with her she bowed my ears and said "look pleasant." This made me look worse than ever, but she kept boxing my ears till I had to smile to stop her. She's a great woman. Molly—that is, in a certain kind of way.

A few days later I received a card from her saying that she had made an arrangement to visit a cousin in N. a neighboring town, where there were several churches, all with steeples. She told me to meet her with climbing tackle and she would take her first lesson. I put my ropes and pulleys in a baggage car and went with them to N. I found Molly in gymnasium costume. She had taken prices in gymnastics, and she said she would go right out to take a lesson. I sent my tackle to the church with the flower, and she climbed to the roof, fixed a

beam from which I hung a pulley, then sang out to Molly to put the loop on the end of the rope under her arms and haul herself up. She did it without any trouble. Then I went to a window midway up to the steeple, fixed another beam, and this time pulled her up from below, and she got in at the window. I was surprised that she didn't wince. But as I've said, there's a lot of "and" in Molly.

Before we had finished the first lesson Molly was sitting on the base of the bell capping the steeple, a hundred feet from the ground. A number of people had collected below, watching her, and she kissed her hand to them. I saw from that she had a steeplejack's head as well as a I.

I remained in N. a week, and every day we did some climbing. The last day I was there going to the top of the most difficult steeple of all to climb. It was not very high, but there was a long pull with no rests from the base to the top of the spire.

The apex were a ball and a cross, and Molly hung from one side of the cross. As I looked at her hanging there it struck me more than ever that for that kind of climb Molly beat any one I had ever tackled.

This was valuable preparation, but the height was only 140 feet, while St. Thomas was 250. So I had to hang 140 feet above ground with her eyes open. She could hang 250 with them shut. She seemed very happy over it all, and I wondered whether she was glad because she was going to get me and her \$25,000, too, or on account of having demonstrated her ability to climb.

"Molly," I said, "it seems to me that you're mighty pleased at the prospect of getting a man who is nothing but a steeplejack."

"Well, I'll tell you why I'm so pleased."

"Why?"

"Ever since I was a little girl, father, in speaking to me of marriage, has dinged it into me that I was to marry high up in the social scale."

"Molly," I said, with difficulty controlling my trembling voice, "you've crushed me to earth."

I was pulling out my handkerchief to wipe away a tear when Molly kissed it away. "Never mind, Jim," she said. "Don't shed there'll be lots of couples like us, but there'll be none more loving."

That comforted me awfully. We went back home. I told Molly that she must continue her climbing in order to keep her head at great heights. She said "All right," but didn't say "I plan for any more of it. One day she wrote me that she wished to see me at once. I went right round. I didn't see anything unusual in her appearance, which surprised me when she told me why she wished to see me. And what do you suppose it was? Her father had heard of her climbing and, very much astonished and angered, asked her what it meant, whereupon she told him her scheme. He fumed and fretted for a whole day, then gave in. But he insisted on my leaving the steeplejack trade and going into business with him.

"Well, now," I said, overjoyed, "isn't it fine that you won't have to climb St. Thomas?"

"Nonsense. I never intended to climb it."

"You didn't?"

"No; I contrived that father should hear of what I was doing, and I knew it would bring him round without that."

"We've been married five years now, and I am getting to think sometimes in some things that my wife is my superior, although I'm more used to 'going up in the air' than she is."

Then all retired to the school lawn where a May pole had been planted, around which the children danced with blue and white streamers, after going through many beautiful movements.

As Eugene M. VanPelt, of Wycombe, and Dr. and Mrs. Edwin M. Ellis, of Forest Grove, the latter were riding in Mr. VanPelt's automobile at Clearfield and Allegheny streets, Philadelphia, Tuesday, a large motor truck ran into the rear of the machine and Mrs. Ellis was painfully shaken up and bruised. Mr. VanPelt was thrown forward over the steering wheel, and Mrs. Ellis was catapulted over the seat in front of her, bruising her shoulder and arm.

The curtain standards were bent, one wheel was splintered and other damage was done to the automobile.

CODE'S EFFECT ON COUNTY SCHOOLS

Instructions Received by Superintendent Landis From State Department of Public Instruction—The Secretaries of School Boards Should Take Notice.

Prof. J. Horace Landis, superintendent of the schools of Montgomery county, has received the following letter from the State Department of Public Instruction, concerning the application of the new School Code to this county:

"The new School Code, all school boards which elected officers in June, 1910, will reorganize on the first Monday of June, 1911, or as soon thereafter as possible, and will levy their tax and elect their teachers for one year as heretofore, except in independent districts which will be abolished on the first Monday of July. Teachers can be elected for one year only. School boards that have heretofore levied the school taxes in June should do so at the same time and in the same manner as heretofore."

The duplicate should be placed in the hands of the collector by the first Monday of July. All independent districts are abolished on the first Monday of July. All districts that levy any taxes this year after the Code was signed, in which there is any territory that belongs to an independent district, will levy its taxes on all property in that district, including such territory as comes to it on the first Monday of July, when the independent districts go out of existence.

The present members of the school boards in second, third and fourth class districts, except in independent districts, will serve until the first Monday of December, 1911. In districts where the school directors will be succeeded by the school directors elected in November, 1911, in districts where the school directors will be succeeded by the school directors elected in November, 1911, the directors appointed by the county.

The accounts should be audited on the first Monday of July, and the auditor should publish a summary of their report.

If in any year before the first day of August the school directors of any school district of the third class decide by a majority vote of the members thereof not to have medical inspection of any or all of the schools of such district such medical inspection shall not be made in such schools during the year 1911.

If the board of school directors of any school district of the fourth class decide by a majority vote of the members thereof not to have medical inspection of the pupils in a part or all of the schools of such district, the Commissioner of Health at Harrisburg is officially notified thereof in writing on or before July 1, 1911.

Medical inspection shall not be made in such schools during the following school year.

Text-books and school supplies will, under January 1, 1911, be adopted and adopted under the old laws.

The present fiscal year will be extended by one month, and will expire on the first Monday of July, 1911, at which time the school accounts should be audited and the annual report and affidavit and certificate made out and forwarded to the Superintendent of Public Instruction.

SCHOOL CLOSING EXERCISES.

The County Line school, taught by Miss Rebecca D. Thompson, held closing exercises on Friday afternoon, June 2, at the school house, where the schoolroom was beautifully decorated with the children's handwork.

Floral decorations and different illustrations of kindergarten work were neatly displayed. The following program was rendered:

Music, "Up the Hills," welcome; Elsie Egner; music, "Cuckoo Song," "Auntie's Scold," Eleanor Nash; "A Mixed Order," Samuel Radcliffe; music, "Keep on the Sunny Side," recitation, "My Kitty," Dorothy Cline; "Days and Weeks," Clara Dannenhour; music, "Child's Gift," five girls; "Teddy's Request," John Coffin; music, "Mamma's Little Man," "Daisies," Flora Stanten; "Good Bye," Muriel Nash; music, "The Homestead."

TO OUR SUBSCRIBERS

Under a ruling of the Post Office Department, at Washington, D. C., which went into effect on January 1st, 1908, publishers of weekly newspapers are not permitted to extend credit to subscribers for a longer period than one year. Names of subscribers who have not paid their subscription for a period of one year or more must be taken off the list or the publisher is liable to a penalty.

We are therefore sending out bills to all subscribers who owe a year or more, and have instructed our collector, Edwin Kane, to call this ruling to the attention of those from whom he collects.

Prompt settlement is urged, or accounts must be placed in the hands of attorneys.

We have no choice in this matter as much as we would be willing to favor certain cases.

The spirit must comply with this ruling of the United States Government.

Glenside and Edge Hill

Most of the business places were closed on Memorial day.

A special musical program was rendered at the Methodist church last Sunday evening.

William L. Raiser was confined to the house the forepart of the week with an attack of grip.

A marriage license was issued this week to Charles Schaffer of Glenside, and Mary Williams, of Chester, Pa.

Mrs. George Harvey, who has been spending some time in Vermont, has returned to her home on Edge Hill.

The social of the C. E. Society of Carmel church was postponed from Tuesday evening of this week until Tuesday evening, June 6th.

Mr. and Mrs. Walter Tobin, of Chester, Pa., were the guests of Mr. and Mrs. George H. Snyder of Lismore avenue, on Sunday last.

Miss Wheelock, of Philadelphia, has been spending the past two weeks as the guest of her sister, Mrs. J. H. Sier, of Willow Grove pike, Glenside.

Samuel Comly, of Willow Grove pike, suffered a paralytic stroke on Tuesday evening. His many friends were sorry to hear of his affliction.

The military company of Carmel church were the guests of the G. A. R. veterans at Hatboro, on Memorial day. The town is quite proud of this company's showing.

The Baptist church held an informal supper and social at the church on Wednesday evening, to which the congregation were invited so that they could be better acquainted.

Rev. J. B. C. Mackie, of Carmel church, had a special sermon for the military company last Sunday evening. The company attended in full uniform.

Mr. Morgan, of Philadelphia sang. Messrs. Fred W. Wunderle, Alan Fry, George Lyman, Horace Wunderle and Warren Way motor to Boston for the fore part of the week. They enjoyed the trip and had little or no trouble on the road.

Joseph Goldkamp and family will close their home on Lismore avenue, next week, and go to Atlantic City for the summer months. Mr. Goldkamp's new house on Lynnwood avenue will be completed about the latter part of July.

The post office has been attractively papered this week which adds much to the appearance of same. Let us hope the children will be looking so and not deface the walls with writings and ink marks. The boys and girls walk there have to mark their own homes.

The last meeting for the summer of the Men's Association of Carmel church will take place on Thursday evening, June 8th. There will be a special musical programme and the entire evening will be devoted to the entertaining of the members and their wives. This will be a good meeting and all should make it a point to attend.

The community was awakened by the fire alarms on Sunday morning about 4:15 a. m. by a fire which broke out in the stock and household furniture of Charles Young, of Edge Hill. The loss was estimated at \$10,000.

With the games played on Saturday and Memorial day, Glenside has made rapid showing on the North Penn League. The game on Saturday, with Doylestown which Glenside lost by the score of 6 to 0, was well played up to the 6th inning, after which time owing to the errors by Ellis and Riser, Glenside was knocked out of the running. Franklin pitched a fine game, which ordinarily would have won. On Memorial day in the morning Ambler came to Glenside and a fine game was played until the 8th inning, when Hallman went to pitch and 6 runs were scored and two more were scored in the 9th, giving Ambler 10 runs in all. Glenside managed to get 3 runs over the plate during the game. Worthington caught a fine game for Glenside. Flavel, of Ambler, pitched the game with a three base hit in the 8th with three on base. In the afternoon game at Ambler 6 runs were scored by Ambler on errors and few hits and Graham substituted for Franklin for the last part of the game. The score was 11 to 4. If Glenside will play together and cut out the errors and lose playing they will be able to make better headway. Carrol Harper, of Jenkintown played first base for Glenside. The Saturday Glenside will play Quakertown Glenside. Come out and help the team along as they need your support.

A Fine Talker.

"I like the looks of this parrot," said the lady who had stepped into the bird store. "Is he a good talker?" The proprietor replied that the bird was an excellent talker, and it was evident the customer was favorably impressed.

"What is your price for him?" she asked.

"The man had noticed the rich apparel worn by his customer, and he judged the parrot was a chance to make a little 'easy money' at the expense of one who would never miss it.

"Ten dollars," he said, with just the slightest possible hesitation.

"Five dollars, madam," instantly croaked the parrot.

"The lady looked at the proprietor, who had turned pale, and said, 'He certainly is a fine talker,' she said, 'and he also seems to have good sense. I am willing to take him at his own valuation. Do I get him for that?'

"Yes," answered the bird man 'You'd—Youth's Companion.

MEMORIAL DAY IN HATBORO.

Fisher Post Exercises—Boy Scouts
Take Part—Large Attendance.
Flags Everywhere.

Memorial day opened up very favorable for the members of Lieutenant John H. Fisher Post and their friends. The weather was delightful and at an early hour the borough street began to fill up with people who came in to listen and take part in the exercises. Promptly at 8:45 o'clock the Post convened at its headquarters on York street and formed column, headed by the Hatboro corner band, with the Post members next in line, followed by the brigade of Boy Scouts from the Carmel Presbyterian church of Edge Hill, about 60 strong, nicely uniformed, with bugles and drums. They proceeded to the Baptist church cemetery, where the general orders were read by Adjutant Barton, followed by prayer by Rev. Mr. Mackey, of Edge Hill. Addresses were made by Rev. P. C. Colby, Comrades Corson and Rulon. This was followed by firing the salute and sounding of taps by a company from the Boy Scouts. The graves were then decorated. From here the line of march was taken to the Hatboro cemetery, where a large crowd of people were waiting to welcome the delegation. The exercises here were carried out at the grave of Captain Ritchie, a brave soldier and a young man who had enlisted from this locality. There were the usual opening proceedings with remarks by Comrades Corson and Sproell, and brief addresses by Revs. Shook and Mackey. The salute was fired and taps sounded, with the members breaking ranks and proceeding to decorate the graves. The line of march then proceeded to the Baptist church, where the oration was delivered by Rev. Charles Isenberger, of the M. E. church, Lansdale. The address of welcome was given by Comrade Charles C. McNair and responded to by Adjutant Barton. The church was filled to the doors, many occupying the gallery. The address of Mr. Isenberger was a fine one. Brief remarks were also made by Revs. Colby, Shook and Mackey. Music was furnished by a quartette of voices from the Baptist choir. Master John Porter, a little lad, recited a poem, entitled "Memorial Day," in a very pleasing manner. After the close of the exercises the Post marched to Wilgus' hall where dinner was served.

The borough looked its finest, the lawns, business places and private residences were decorated with flags and bunting. Good order prevailed, the borough was well filled with many from the outside, several former residents being present, and a general good time prevailed. Delegations of the Post took up the work of decorating the graves of the comrades in the adjoining cemeteries under their jurisdiction in the afternoon.

SURPRISE PROGRAM.

Last Meeting of the Neighbors for the Club Year—Picture for Mrs. W. N. Thomas.

The closing meeting of the "Neighbors" of Hatboro, for the club year, took place on Saturday, May 27th, at the Baptist church.

The program was in charge of Mrs. Susan Jarrett and Miss Elinor Morgan and was a complete surprise to the other members of the club. After some reports of delegates, the meeting was given over by the president to the ladies in charge, who announced themselves as specimens of a very rare bird, "a woman who could keep a secret."

They had flown over quite an expanse of country gathering material and felt they had swooped down on a number of good things, which they would now present to the audience, hoping that each number would be a pleasant surprise.

Miss Eliza G. Ogata, gave a piano solo. Miss Jeannette Broomell, of Philadelphia, gave three readings in her inimitable style. Master Herbert Lewing, of Jenkintown, gave a vocal solo. Miss Rachel Knight, of Somerston, gave two fine recitations. The ladies quartette, of Hatboro, rendered two selections. Miss Broomell again favored the audience by giving several humorous selections, mostly in child dialect. The final number was a violin solo by Herbert Mattinson, of Hatboro, accompanied by Miss Blanche Downie on the piano.

Mrs. Jarrett made some closing remarks, announcing that there would be one more surprise in charge of Mrs. Anna D. Halliwell. This proved to be the presentation of a picture, by Corot, to Mrs. Addie Thomas, who will shortly remove to New Haven, in appreciation of her work for the club during its first year of life. Mrs. Thomas made an honorary member of the club.

Mrs. Sarah Hannum, the ex-president, then passed over the gavel to the newly elected president, Mrs. Elizabeth Wood, whose first act was to call for a vote of thanks to the givers of the "surprise meeting."

Mrs. Eva Hallman, of New York City, has been the guest of her sister, Mrs. J. N. Wilson.

Mrs. George W. Emerson, of Norristown, spent Memorial day as the guest of Mrs. George R. Palmer.

Dr. Fred P. Wilcox and family, of Philadelphia, were visiting W. P. Wheatland and family on Sunday last.

Dr. J. B. Carrell is having a new roof placed on his veranda in front of his residence on Byberry avenue.

John Beatty and family, of Germantown, are occupying the Joseph Brown residence on Byberry avenue for the summer.

In the M. E. church on last Sunday morning, Pastor Shook preached a fine sermon to the members of Lieutenant John H. Fisher Post, G. A. R.

New concrete steps and walks and a very attractive new porch have been added to the residence of S. J. Garner, on Byberry avenue.

Sunday there were many strangers in town, especially at the cemeteries, where beautiful flowers were placed upon the graves of the departed ones.

The freshmen have placed flags upon the graves of three ex-chiefs in the Hatboro cemetery, namely, Charles Magee, E. E. Shuler and Alvin Craven.

Proprietor Goessler has placed a Westinghouse electric fan in his barroom. He is also having the rear porch renewed and has made other improvements to the Railroad House property.

There is more catarrh in this

section of the country than all other

disorders put together, and until the

last few years was supposed to be in-

curable. For a great many years doc-

tors pronounced it a local disease and

prescribed local remedies, and by con-

stantly failing to cure with local treat-

ment, pronounced it incurable. Science

has proven catarrh to be a constitu-

tional disease and therefore requires

constitutional treatment. Hall's Cat-

arrh Cure, manufactured by F. J. Chen-

ey & Co., Toledo, Ohio, is the only

constititional cure on the market.

It is taken internally and does

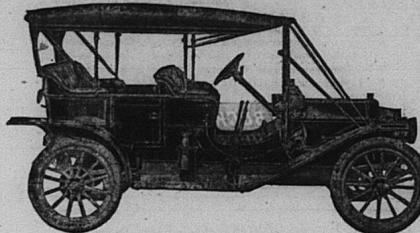

from 10 drops to a teaspoonful. It

acts directly on the blood and mucous

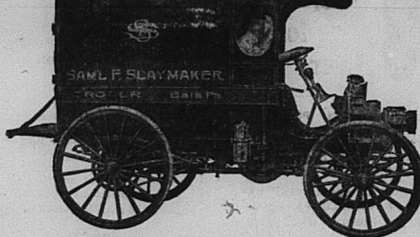

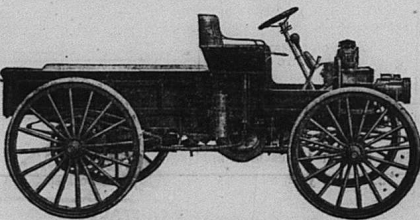

membranes of the system. It offers cer-

tainty of cure for any case it fails to

OF INTEREST TO FARMERS.

\$15,000 PAID FOR PRIZE JERSEY BULL

164 Head Fetch \$125,515 at Greatest Sale in Europe or America.
The greatest sale of Jersey cattle ever held either in Europe or America was conducted May 30 by T. S. Cooper at his Linden Grove Farm at Coopersburg.

John B. Haggin, of Lexington, Ky., bought the king of the herd, Noble of Oakland, for \$15,000, the record price for a Jersey bull, and an hour later paid another record price, securing Lady Viola, the queen of the herd, for \$7000 against sharp competition. This is said to be the highest price ever paid for a Jersey cow. Lady Viola is the mother of Noble of Oakland, and the \$22,000 paid for the pair exceeds by \$6000 any price heretofore paid for a brace of Jersey cattle.

All told Mr. Haggin bought 20 head of bulls, cows and heifers for \$36,650. The second highest purchaser at the sale was T. DeWitt Cuyler, of Paoli, Pa., who bought a bull for \$6700 and seven cows at \$175 each. A total of 164 head were sold, including 18 bulls, 85 cows, 45 heifers, 3 bull calves and 7 heifer calves for \$125,515, an average of \$765.40.

A fine herd was purchased by P. A. B. Widener, of Elkins Park, and other heavy buyers were C. I. Hudson, of East Norwich, N. Y., and A. B. Clark, of Bryn Mawr.

MANY ROADS PLANNED.

Prompt Action Will Follow Approval of Sprout Good Roads Measure—Bigelow May be Highway Commissioner.

The carrying out of the proposed construction of a system of main highways for Pennsylvania, contemplated in the Sprout main highway bill, will be inaugurated as soon as possible.

The selection of the route to be started will rest with the new State Highway Commissioner to be named under the new law. All signs point to the selection of E. M. Bigelow, of Pittsburgh, who is understood to have been giving the subject close study and who has been visiting various sections of the State. Joseph W. Hunter, the present Commissioner, will be offered the first deputyship at his present salary.

It is certain that at least two routes leading out of Philadelphia will be taken up among the first. The general plan will be to take over routes in a half dozen centers. Philadelphia will likely have roads leading to Reading and Harrisburg chosen first as they will form part of trunk lines. Another early route will connect Wilkes-Barre and Scranton, while attention will be given to Allentown and Easton. Then Harrisburg and Williamsport and finally, Johnstown, Erie and Pittsburgh. The details of the program are yet to be worked out, but the taking over of routes will start immediately after the act goes into effect.

Lansdale is to have a factory to manufacture fireless cookers.

While assisting his nephew, Dr. E. J. Kuhns, to move into his new store opposite the post office, Lansdale, A. R. Kuhns fell and broke his collar bone.

Seven illegal car riders arrested yesterday. Jenkintown were jailed for ten days by Magistrate Harry, of Norristown, last Saturday morning.

Preparations are being made for the dedication of the new Catholic church at Lansdale. This church is the largest place of worship in Lansdale.

Indigestion and Stomach Troubles are common ailments in most families. In fact, they often prove to be serious ailments. There is no occasion for either one of these ailments if you have Dill's pills handy.

Thousands of people are being constantly cured of the two above mentioned maladies by using Dill's Pills regularly. Don't delay, start to use them at once, and you will soon learn of their wonderful effectiveness. At all dealers 25c. 1906-47

DON'TS.

Don't expect to have pretty, white, soft hands and succeed with poultry. Be a man, not a jellyfish.

Don't borrow this paper to read "Poultry Notes." Stealing chickens by night is never right. Stealing chickens on paper is an awful mean caper. If you do it you'll rue it.

Don't carry your business cares home to dinner. Your wife has enough little troubles of her own.

Don't hesitate to kill a drone hen because she is a pure bred bird. Many aristocrats are glit edged clippers.

Don't advertise and expect a rush before the printer's ink is dry. An ad. added to an ad. is the practical merchant's fad and brings the pull that makes glad.

Don't worry the editor of this paper by sending him questions about poultry. Send the questions to us. If you send him your check he will gladly return a neatly printed receipt and this paper for a whole year.

Don't be obnoxious to your fellow man by protecting a dog that kills neighbors' fowls. Your foul play may cause gun play.

Don't pin your faith to written guarantees. You may get stuck with truck.

Don't sell bad eggs for hatching with the thought that you'll not be caught because your customer is 100 miles away. You may be within one hour of the judgment day.

Don't be bamboozled by a catalogue two feet thick. The more pictures the more tricksters.

Don't be satisfied with mongrel stock. Full blood cock for full egg cock.

Don't butt in; let that to the goat. Don't grunt; let that to the shot. If tempted to go croak a bit go out and with the bullfrogs sit.

Don't hatch Brahmas, Cochins and Langshans late. March is best for the heavyweight.

Don't breed from fowls with crooked backs nor expect much from old loose racks.

FEATHERS AND EGGSHELLS. When two or more tons are allowed to run with a flock of turkeys there is a continuous scrap. The natural result is bloody heads and infertile eggs. One male to eight females is best; breeders two years old give best results.

If you simply rent the land on which you raise poultry it will not pay to put up permanent buildings. In such case colony houses on wheels or runners are best. You may easily take them along kiddy style if you move.

When drakes fight don't get rattled; just turn in a few more females. The new activity will restore the equilibrium.

An interesting battle occurred on a farm near Clearfield, Pa., when a skunk sought to capture a goose. Her screams brought the old grader, who in the face of a hot fire charged the

enemy and hammered him 'til jelly. The flock was sent to the factory to have their feathers renovated.
Dr. Herbert D. Peace, in testifying in behalf of a New Jersey rot and spot concern, told the court that it was possible for a person to get 800,000,000 bacteria into his system without injury to health. Now, Dr. Wiley, does this statement hit the spot, or is it all rot?

There were so many henroosts robbed in Lancaster county, Pa., that the state police were put on the job, and it was not long until they had put six men and two women in jail for chicken stealing.

Barley is one of the prime grains for poultry, and when it rose to \$1.13 at Chicago and continued to rise poultrymen got the shivers. With wheat below \$1 and barley soaring in the air, it's strange that so few farmers raise such a paying grain.

When the battleship Texas was made a target for the shells of the New Hampshire, to test the effects of the explosions on animal life, a cat and chickens were placed in the hold. The old ship was riddled, but the cat walked quietly out of a turret the base of which had been smashed by a twelve inch shell, and the roosters kept on crowing.

When saloons in Cincinnati advertised chicken free lunch the most inspector got busy and made a raid on cold storage poultry that was being sold so cheap. He condemned 20,000 pounds of rotten poultry and found meat at one plant that had been in storage for six years. Next!
